

The Hidden Church...REVEALED

by- LorettaOwens

As Sophie drove along the road, she marveled at the beauty of the mountains; the grass was still green, and the flowers were in full bloom even though the snow was starting to cover them up. She was amazed as the snowflakes dropped. She started out on a clear day, but now the sky was dark and the temperature had dropped below freezing. The wind was howling and the visibility was dim. The snowflakes were hideous little faces, bouncing off the windshield. She thought that there was nothing more beautiful than a flower in the snow, but snow at the end of May was unusual. When Sophie had left the cabin a half-hour ago, the weather was 60 degrees; now it was 20 degrees.

It is good that this car has heat, she thought. She was wearing only a thin, knee-length, sleeveless black dress underneath a spring coat. As she became more nervous, sweat began pouring from her forehead. The God thought was still in the back of Sophia's mind. When it became dark like midnight, she thought about what was written in the bible. Even though, she tried to believe there was nothing to it. Because it was only 11:a.m. all of these thoughts going through her mind frightened her. As she leaned toward the steering wheel, trying to see out of the fogged-up windshield, it looked as if the sun would never shine again.

Fear started to grip her. It would take a miracle to get out of this storm alive, she thought. Sophie, get a hold of yourself. There's no such thing as miracles or God. Anything that can't be proven isn't real. As she continued to drive, her mind flashed back to her nanny, Julia, who had raised her since she was a baby.

Julia was like a second mother to Sophie. She always gave Sophie warm hugs, something Sophie's mother and father never did. For some reason Julie called Sophie, "Sophia." Sophie's mother did not like it when Julia called her daughter another name.

In this novel of Good against Evil, Satan vs. God: two people are engaged in a battle against Evil itself. As Sophie and Brian join together, they are pitted against the forces of darkness while trying to survive in an Anti-Christian world.

Intriguing, compelling, exciting and thought provoking; The Hidden Church will have secular and non-secular readers enthralled with the content of this book. It will surely leave you with a different view of God.

GNN – "A MUST Read."
